Dear Ron:

Enclosed are annual reports for 1979.

As you can see no mine site reclamation has been done during the year since all mines are either operating or awaiting reopening. Each mining operation is proceeding in accordance with the originally submitted, and amended, mining and reclamation plans.

Reclamation work to date has been confined to drill site grading and reseeding.

If you have any questions, feel free to call.

Sincerely,

Richard A. Dye
Reclamation Engineer
